

Loss Prevention Services & Resources

Supporting Members with Comprehensive Loss Prevention Solutions

Effective loss prevention is a key part of your local government's risk management strategy. By identifying risks early and taking proactive steps, you can reduce liability, enhance workplace safety, and protect your community.

Our Loss Prevention team partners with Risk Pool Members to deliver expert guidance, training, and resources that help safeguard your employees and organization.

Your Dedicated Loss Prevention Team

Our experienced teams includes:

Safety & Loss Control Consultants

Your primary advisors for safety, risk mitigation, and operational best practices—assigned by geographic area for tailored support.

Outreach Consultants

Experts in Law Enforcement, Human Resources, and Public Works & Utilities, offering specialized training and consultations.

Administrative & Leadership Support

Ensuring seamless service and resource development across all programs.

Law Enforcement Outreach (LEOCs)

In 2023, two dedicated LEOC positions were created to replace the former Law Enforcement Training Specialist. These consultants:

- Provide direct, consultative support to law enforcement leadership
- Help implement best practices and mitigate risk
- Serve as strategic partners in navigating high-risk, evolving challenges

Consultative Services

Safety & Risk Consultations

- Policy
- Procedure
- Workplace Reviews

Facility & Worksite Evaluations

- Hazard Identification
- Risk Control Strategies

Loss Trending & Data Analysis

- Claims Review to Identify Emerging Risks

These services support employee safety, vehicle operations, law enforcement liability, property conservation, and more.

Training & Education

No-Cost Training Options:

- [Onsite Training](#) - Customized sessions on safety, supervision, public works, law enforcement, and more
- [Online Learning Center](#)
- [Streaming Video Training](#)
